123ICT Competition – Autumn Term 2018
Create a Digital Greetings Card or Message

Your chance to win a whole-school subscription to the fantastic Serial Mash (2Simple Software's growing online library of books specifically written for use in primary school classrooms) and a Striker Boy book pack. The runner-up school will receive a free 123ICT Pupil Workshop!

Welcome to 123ICT's annual competition to design a digital seasonal greetings card, or message. The greetings card competition has always proved to be very popular. We welcome entries that are in the form of a simple card, an animation, or a card augmented by audio – **the idea is to deliver a cheery seasonal message which could be used to convey seasonal greetings to friends or family.** We think that it is an excellent competition topic for this term; because, with Christmas rapidly approaching, you may already be preparing to take advantage of some of your fantastic school computing resources and planning for your children to create digital greetings cards to take home at the end of term. This being the case, why not submit a copy of the design into the competition and possibly win a year's subscription to [Serial Mash](#) (a growing online library of books specifically written for use in a primary school) and a Striker Boy book pack - kindly donated by 2Simple Software - or a 123ICT pupil workshop for your school? The competition is intended for both Key Stage One and Two children. For inspiration, why not visit the galleries of the previous four year's entries from the links on our website [Competitions](#) page?

Competition Guidelines

- The competition is intended for both Key Stage One and Two children, including age appropriate entries from special needs schools.
- Each 123ICT school is entitled to submit one entry per year group to the competition.
- There will be a year's subscription to Serial Mash and a school pack of Striker Boy books, kindly donated by 2Simple Software, for the first place entry and a 123ICT workshop, of the school's choice, for the runner-up.
- As usual, judging of all entries for our competitions will be carried out by the 123ICT team, calling upon any additional expertise necessary to assist in that judgement.
- The winning entries, along with all other submissions, will be published on our website <http://www.123ict.co.uk> and notification of the winners will also be sent to our schools during January 2019.
- Entries should be e-mailed as attachments to competitions@123ict.co.uk. A reply e-mail will be sent to all submitting schools to confirm receipt.
- Closing date: no later than **Wednesday 19 December 2018**.

Should you have any further questions regarding the competition, please e-mail them to me at the above competitions address or speak to your **123ICT** Consultant who will be happy to assist you.

Good luck, I look forward to viewing your entries.

Andy Campbell (123ICT Competitions)

Wishing you good luck and a very merry Christmas from us all at
